About us

CRESCENT DIAGNOSTICS is a subsidiary company of the Saudi Arabian **THE FRIENDS NATIONAL MEDICAL CO. LTD.**, owned by various Saudi business men.

Founded in 1986, head quartered in Jeddah, The Kingdom of Saudi Arabia. It is considered as the Middle East Pioneer in Biotechnology for manufacturing and marketing Clinical Diagnostics Products for domestic and international markets.

More than 170 diagnostic products are being manufactured that are used in Clinical Laboratories. We cater the needs of Saudi Arabia and Exports to more than 30 countries throughout the world.

Working with our sister company '**TAAML**' for the distribution and marketing of our products. Product range includes ready to use Liquid Stable Clinical Chemistry Reagents, Febrile Antigens, Latex Serology, Blood grouping, and Biological Stains.

We are an **ISO9001-2008** and certified company, the majority of our products are **CE** marked.

Mission Statement

Along with the population growth and increase number of health infrastructures in Saudi Arabia came in the need for adequate biochemical materials manufacturing and supplying companies.

Our mission is to solely contribute in developing and maximizing the advancement of the health sector in Saudi Arabia and The Middle East, Helping to reduce the time and financial load that would come by importing such materials from other countries.

To be recognized globally as a premier manufacturer of Biotechnology for Medical Diagnostics Products.

Providing more work places for young graduates, we believe in training and passing on our work skills to the new generations.
